It was also the first time I was involved in collaborative working with people I haven't actually met.• The best thing I liked in this course is the new materials and methods, especially Hot Potatoes. It is wonderful with a new method to prepare exercises. I learned lots of things and I got new useful websites for teachers. The trainers were very helpful and they answered my questions as well as possible. It was a wonderful experience for me.				
8	What I think could be improved: <ul style="list-style-type: none">• Just more time to practice, actually				

	<ul style="list-style-type: none"> • The timing of the course is good, but because there are no lessons over the summer it is difficult to implement the last couple of tasks(trying it out) • Maybe this course can go live by means of webcam. We can see and hear each other. Skype could be used for this. 				
9	<p>What was new for me:</p> <ul style="list-style-type: none"> • Corresponding with teachers with in other countries • Think more “practical” teaching than “classical” teaching • To work with other people(complete strangers). It was better than I expected • Hot Potatoes and web quest
