7 Which of these methods do you think you might use in the future?
   - Computer Assisted Language Learning
   - Task Based Learning
   - E-Tandem
   - Simulation
   - PhyEmoC

8 Do you think you might use the chosen method(s):
   - [ ] Once or twice during the academic year
   - [ ] Once or twice a month
   - [ ] Once a week
   - [ ] Other. Please specify:

9 What did you like best about the workshop.

   I got answers to the unclear topics. The atmosphere is relaxed and cozy.

10 What do you think could have been better.

   I think it should stay the same because I like it a lot.
7. Which of these methods do you think you might use in the future?
   - Computer Assisted Language Learning
   - Task Based Learning
   - E-Tandem
   - Simulation
   - PhyEmoC

8. Do you think you might use the chosen method(s):
   - Once or twice during the academic year
   - Once or twice a month
   - Once a week
   - Other. Please specify: a selection of above whenever I am teaching. The above are typical of EFL teaching.

9. What did you like best about the workshop.
   ![Image of text: The experiential component of the workshop.]

10. What do you think could have been better.
    ![Image of text: More time on CALL - creating the Child/Unit ourselves.]

7. Which of these methods do you think you might use in the future?
   - Computer Assisted Language Learning
   - Task Based Learning
   - E-Tandem
   - Simulation
   - PhyEmoC

8. Do you think you might use the chosen method(s):
   - Once or twice during the academic year
   - Once or twice a month
   - Once a week
   - Other. Please specify: Depends on the nature of the lesson and frequency

9. What did you like best about the workshop?
   - The chance to explore new methods. For example, the Carminio method is something that we regularly but were unaware of its full potential.
   - I also like knowing the faces of people that I might send email in the future. These meetings are great at boosting confidence.

10. What do you think could have been better.
   - Nothing.
7 Which of these methods do you think you might use in the future?

- Computer Assisted Language Learning
- Task Based Learning
  - E-Tandem
  - Simulation
  - PhyEmoC

8 Do you think you might use the chosen method(s):

- Once or twice during the academic year
- Once or twice a month
- Once a week
- Other. Please specify:

9 What did you like best about the workshop.

relaxed atmosphere
clear instructions

10 What do you think could have been better.

Ctrl - doing it step by step, using our own computers
7. Which of these methods do you think you might use in the future?

- Computer Assisted Language Learning
- Task Based Learning
- E-Tandem
- Simulation
- PhyEmoC

8. Do you think you might use the chosen method(s):

- Once or twice during the academic year
- Once or twice a month
- Once a week
- Other. Please specify:

9. What did you like best about the workshop.

The PhyEmoC and Simulation
The group work & student centered approach.

10. What do you think could have been better.

Better equipment - e.g., the screen was too small for the presentations.
7 Which of these methods do you think you might use in the future?
- Computer Assisted Language Learning
- Task Based Learning
- E-Tandem
- Simulation
- PhyEmoC

8 Do you think you might use the chosen method(s):
- Once or twice during the academic year
- Once or twice a month
- Once a week
- Other. Please specify:

9 What did you like best about the workshop.

Good atmosphere

10 What do you think could have been better.
7. Which of these methods do you think you might use in the future?

- Computer Assisted Language Learning
- Task Based Learning
- E-Tandem
- Simulation
- PhyEmoC

8. Do you think you might use the chosen method(s):

- Once or twice during the academic year
- Once or twice a month
- Once a week
- Other. Please specify:

9. What did you like best about the workshop.

- That it was interactive
- They were practical

10. What do you think could have been better.

- More time on CALL + practice
- Ideas on how successful E-Tandem may be
7 Which of these methods do you think you might use in the future?

- Computer Assisted Language Learning
- Task Based Learning
- E-Tandem
- Simulation
- PhyEmoC

8 Do you think you might use the chosen method(s):

- Once or twice during the academic year
- Once or twice a month
- Once a week
- Other. Please specify:

9 What did you like best about the workshop.

The atmosphere
The fact that we have learnt new ways of teaching vocational students

10 What do you think could have been better.

Much more time on CALL Methods
7 Which of these methods do you think you might use in the future?
- Computer Assisted Language Learning
- Task Based Learning
- E-Tandem
- Simulation
- PhyEmoC

8 Do you think you might use the chosen method(s):
- Once or twice during the academic year
- Once or twice a month
- Once a week
- Other. Please specify:

9 What did you like best about the workshop.

Meeting the other partners and discuss teaching methods and ideas.
Clarification about the different responsibilities in the project.

10 What do you think could have been better.

Take more time to experience the CALL (collaboration).
